BARGAINING UPDATE

July 19, 2021

Throughout the summer, GTA and GUSD have exchanged proposals and counterproposals regarding the impacts of new and expanded programs funded by one-time COVID dollars. For members who choose to participate in these programs, GTA has proposed:

- Increased compensation for all unit members who take on voluntary summer assignments, such as summer school instruction.
- Appropriate compensation for members who will participate in district-approved professional development sessions during the summer (starting in August) or afterschool during the school year.
- One-time compensation for EEELP/CDCC teachers who provided in-person childcare starting in March 2021.

We are very close to agreement. GTA's latest proposals (submitted on July 19th) are reasonable, affordable, and reflective of the reality that our students need educators to invest additional time preparing for and providing a supportive and successful return to full in-person instruction. We hope to reach a signed agreement this week.

Next Bargaining Date: To be determined
