

Ask A Glendale Teacher

→ Giving Thanks ←

Edition 5: November 25, 2020

What are Glendale educators thankful for this year?

While this year has been extremely difficult, we have much to be thankful for!

- We are thankful for the **support we have received from Glendale families** since last summer as we continue to advocate for the safest learning conditions for students.
- We are thankful for **the ability to do our part to reduce COVID-19 infections** by working from home.
- We are thankful for the **families who made room in their homes** for us to teach their children.
- We are thankful for all the **personal connections** we've made with students through Zoom. We've never had the opportunity to meet so many pets!
- We are thankful for **students and parents who show persistence and resilience** when technology isn't working properly.
- We are thankful for **understanding administrators** who have minimized meetings and worked with teachers to facilitate distance learning.
- We are thankful for the **students who show up every day with a smile**, and we are thankful for **our students who try their hardest** each day even though online learning is tough.
- We are thankful for **all of the aides, clerks, secretaries, cafeteria workers, and custodians** who continue to support our programs, even while we are working from home.
- We are thankful to be living in a time when **technology** allows us to stay connected.
- We are thankful for **good news about ongoing vaccine trials**. As soon as it is safe, we hope to be back in the classroom with your children!
